

## SHARING YOUR FAITH 1 and 2 Timothy

Though Timothy was still very young, Paul had left him in charge of the church at Ephesus. What problems do you think Timothy might have had because of his age?

What did Paul encourage him to do anyway?

## TURNING TOWARD THE TRUTH 2 Timothy 4:2-4

If there was one phrase that Paul wrote in this letter that I think perfectly describes today's American society, it would be "itching ears". We want to hear all about everything, and can. With the internet at my fingertips I can find information on almost anything – usually way more than I wanted to know. We can turn on a talk show and hear the most private of family problems discussed openly on national television. We have been bombarded with things that politicians think that we want to hear. And we eat it up. We have accumulated for ourselves voices saying what we want to hear, instead of voices that will speak the truth. We turn away from the hard truths in favor of a more pleasant sounding lie. Can you identify any myths that we have fallen for?
